# Sponsorship & Exhibition Opportunities

## Invitation to Sponsorship and Exhibition

The organizing committee of the 24th IFORS conference of the International Federation of the Operational Research Societies invites you to the University of Vienna, Austria to share your experience with researchers and practitioners from the areas of operations research and analytics.

IFORS 2026 is the 24th edition of the worldwide conference on operations research and analytics. Academics and practitioners from all over the world will attend this conference and share their latest findings. We will expect 2000-3000 participants.

The conference does not only give the possibility to be updated with the latest advances in operations research and analytics techniques; it is also a very large networking event for operations research and analytics experts.

### Why should you support the IFORS 2026?

Sponsoring IFORS 2026 offers a unique opportunity to elevate your brand within a highly engaged and influential community.

**Enhance Brand Visibility:** It provides your business with unique marketing possibilities through the IFORS 2026 webpage, emails, newsletters, banners

**Networking and Collaboration:** It provides your business with ideal conditions for networking – in between sessions and at receptions. You can meet potential clients or future decision makers among the IFORS participants. Explore potential partnerships that can drive your business forward!

**Support Excellence:** Contribute to the growth of the operational research and analytics field, fostering innovation and excellence.

## Vienna is one of the leading meeting destinations in the world.

The city's location in the heart of Europe, excellent infrastructure, short distances and exceptional 'livability' are only some of its many strengths. In addition, Vienna boasts high hospitality standards and an outstanding range of art and cultural events.

The city's location in the heart of Europe, excellent infrastructure, short distances and exceptional 'livability' are only some of its many strengths. In addition, Vienna boasts high hospitality standards and an outstanding range of art and cultural events. The University of Vienna is the oldest university in the German-speaking area and the largest university in Austria. As "universitas literarum", the University of Vienna offers a broad range of subjects which promotes the development of new and innovative research areas and fosters strong links between existing research areas.

### The University of Vienna ...

...is the oldest university in the German-speaking area and the largest university in Austria. As "universitas literarum", the University of Vienna offers a broad range of subjects which promotes the development of new and innovative research areas and fosters strong links between existing research areas. The University of Vienna is located in the city center.
